PROFESSIONAL SUMMARY

Full Stack Software Engineer with experience building web and business software across backend, frontend, and databases. Freelance experience at Grupo Montecristo / DrMax working with C#, CSS, MySQL, POS / Point of Sale systems, and SAP Business One integrations. Strong academic background in Software Engineering, verified credentials from Universidad CENFOTEC, and practical knowledge of AI-assisted development, React, JavaScript, Ruby on Rails, APIs, WebSockets, Docker, testing, and database-driven applications.

TECHNICAL SKILLS

Programming: C#, Java, JavaScript, Ruby, SQL, HTML, CSS

Frontend: React, HTML and CSS, dynamic interfaces, forms, state management, hooks, responsive UI

Backend: Ruby on Rails, APIs, WebSockets, scheduled tasks / Cron Jobs, application logic

Databases: MySQL, SQL Server, data queries, database-backed business workflows

Business Systems: POS / Point of Sale, SAP Business One, software integrations

Tools and Practices: Docker, Testing, Git, GitHub Pages, AI-assisted development, problem solving

PROFESSIONAL EXPERIENCE

Full Stack Developer - Freelance

Grupo Montecristo / DrMax | July 2026 - October 2026

- Developed and maintained software for the DrMax sector across backend, frontend, and database layers.
- Worked on POS / Point of Sale functionality and supported integrations with SAP Business One.
- Used C#, CSS, and MySQL to adjust interfaces, handle database information, and support internal business processes.
- Contributed improvements focused on clearer workflows, more stable operations, and easier system use for team members.

Full Stack Developer - Academic Projects

Universidad CENFOTEC | September 2022 - December 2025

- Built web applications with React, from interface design to implementation.
- Developed backend services with Java, C++, and C#, integrating application logic with databases.
- Applied software architecture, teamwork, problem solving, and project delivery practices through university projects.

EDUCATION

Baccalaureate in Software Engineering - Universidad CENFOTEC (2022 - 2025)

Information and Communications Technology Operator - INA / National Learning Institute (2020)

Scrum Fundamentals - Scrum Study (2023)

CERTIFICATIONS AND CREDENTIALS

Web Application Development with React and Ruby on Rails - Universidad CENFOTEC (2026)

Baccalaureate in Software Engineering - Universidad CENFOTEC (2026)

Academic Honor Recognition, GPA ≥ 90 - Universidad CENFOTEC (2026)

LANGUAGES

Spanish: Native | English: Advanced (B2) | German: Basic

CORE STRENGTHS

Problem solving | Public speaking | Multitasking | Creativity | Team management | Fast learning
